**Case No. 09-50026 Court Docket Number 8847**  
**( General order M-399 )**

Information concerning my claim nr 70280 against Motors Liquidation Company f/k/a General Motors Corporation

My claim was late because the people in General Motors Company did not tell me that the bankruptcy court set a deadline to file a Proofs of Claim before November 30- 2009

GM did not tell me to fill a proof of Claim at all, but I found the information, on the Internett in May 2010 - information for claim aigainst GM

Then after emailing MLC and by phone call, they told me to file the proff of claim, and thereafter my claim got number 70280.

I send by mail copys of email that my case startet in May 2008 but the GM company gave me misleading information, and GM send me misleading email messages, because that way, GM hopes not to pay me for my warranty

I want my warranty-money, and i think GM in my case..... gave me the runaround

I did a little searching and found out the organization that is processing your claim. They have informed me that they have the paper work and it all looks valid but, because the vehicle is now registered in Norway that , the GM Europe Warranty center will have to process your claim. They are forwarding all of your information to them and once they receive it someone from their processing center will contact you.

It maybe moving slow but it is moving along.

Have a Good day.

Hello Terje SÅ\_rhaug,

Thank you for responding back to me. As I stated in my previous email, your vehicle is not eligible for this coverage unless it is done in the US, by a US General Motors dealer. We were trying to look into assisting you as a one time goodwill gesture, but unfortunately we are not able to do this. We can not process a claim with an address outside of the US and the GM Europe Warranty Center is refusing your claim because it is not valid in Europe.

I appologize that we were not able to assist you with this matter.

Sincerely,

Sherri Maurer

I send a reimbursement / claim – for fuel injector to yours company for one years ago, and yours Vince Styrna and Sherri Maurer has answer me with some mail. Vince and Sherri are trying hard not to accommodate me with my demands. General Motor is not intrest only to give me back my payment for the reparation for the damages. Sherii is writing that the claim is not for cars in Norway. That is not true.

The company Bergheim Auto.in city Drammen-Norway has reparation a lot of cars from Chevrolet with just the same problem, and the owner of the car has not paid for the reparation. I did send one mail to the dealer James Wood, and James Wood in a mail to me, said that thy did not has had my car as a dealer. That is not true.

General Motor is only making problem for me and I will take this case to court if General Motors don't answer on this letter very soon.

I give you and update for my new address
